6.

18/12/06

Thursday, 21st December 06
7am (Qld)

Limited Water Options 06/07
@ “Morella” Shed Goondiwindi, David Coulton.

**BBQ Breakfast provided. (Approx 2hrs)*

- *Large vs Small deficit & Stretching Irrigation scenarios using Hydrologic and local data – Emma Carrigan DPI&F*
- *Crop Development Tool - Dave Kelly CSD*
- *Petiole Testing using NutriLOGIC - Emma Carrigan DPI&F*
- *Discussion of Limited Water Strategies and best management options – Stephen Yeates Irrigation Researcher ACRI*

Attention to all Mungindi Growers –

The Limited Water Options field day is cancelled, sorry for any inconvenience, it is that time of year and researchers are hard to pin down. I look forward to seeing any of you who can make it to Goondiwindi on Thursday, and if not Seasons Greetings and I look forward to running some WUE workshops down that way in the New Year.
