

CS40L Final Report

CS40L - Year ending June 1987; \$900

86/1225

Dr Daly attended a meeting of on pyrethroid resistance management in Narrabri in 24 June 1987. This annual meeting considers results obtained by researchers who study pyrethroid resistance and assesses the insecticide management strategy for the following crop season in light of these results. Dr Daly gave a talk on her progress of her research.
