After many questions, the Manager, Noreen Boehm, decided it would be good to incorporate all the information into one information session. Centrelink, The Department of Fair Trading, HACC Development & HACC Physiotherapist and Donate Life were contacted. The program consisted of Estate Planning, Wills, Power of Attorney, Advance Health Directives, Shopping and Scams, Organ and Tissue donation and strength and balance exercises. Morning tea and lunch were provided. Normally 12 to 18 attend on a Thursday, however we had 44 people turn up for the forum.

Evaluation sheets were extremely positive *“Very professionally organised day, interesting and informative, very worthwhile, great initiative for community”*.

Cloe Davis, Paul Hyson, Centrelink Manager Noreen Boehm.
